

Information and Reminders

Ofsted Visit

Yay! Ofsted have been and gone! I hope you all received the letter I sent out yesterday with some initial feedback and information. If not, please ask the office for a copy.

Angels for Angels

Thank you for your continued support for our 'Angels for Angels' project. We have had a wonderful variety of angels handed in to school. We have been contacted by people from different communities both in Cumbria and further afield. A lady in Liverpool had heard us on BBC Radio Merseyside and she wants to contribute! How wonderful. We also have a school in Spain busy making them. Carlisle College have confirmed they will make at least 1000 angels and Reeds Printers have delivered 1000 angels cards into school for us to decorate. Next week we are getting 5000 sheets of card donated by 'James Cropper' in Kendal!. If you know of anyone who could support us in our venture, please could you ask them????? Keeeeeeep 'angeling'! **21 days to go!**

Hexham Theatre Trip

The PTA have extremely kindly offered to pay for the buses for this trip. **If you have already paid**, you will have received an email from Mrs McDonough. The new cost is £13.

PTA Christmas Fair Planning Meeting

Final Christmas planning meeting plus EGM for treasurer election, Thursday 14th November at 7pm at the Stone Inn

School Uniform

Please can we remind our parents of our school uniform policy. It can be found here: <https://www.hayton.cumbria.sch.uk/page/?title=School+Uniform&pid=47>

We have noticed some children are coming into school wearing leggings instead of trousers or tights and there are an increasing number of children wearing sports trainers. Leggings and sports trainers are fine for PE .

Children in Need

We will celebrate 'Children in Need' in our usual fashion—your child is welcome to come to school in the pyjamas or something spotty with a donation which will go towards the charity.

If you are feeling exceptionally creative, your child 'could' come to school dressed as something 'mathematical' as, as part of our Maths week we shall also be completing Children in Need Maths challenges!

Book Fair in School

School will be hosting its annual Book Fair between 19th and 21st of November between 3.30pm and 4.15pm. It could be a great time to look for Christmas presents as well as raise some money for school to purchase even more books!

How can I find age-appropriate games?

Do you need suggestions on age-appropriate games? You could use either of the following websites to search suitable games.

Remember, PEGI rates the gameplay so whilst it is important to review age ratings, you must also check if it has a communication feature as this might mean you decide a game is not suitable for your child.

How to Remove Social Media Access After Granting It

Have you given your child access to social media but are now regretting that decision? Bark have published this article to help you take back control by removing social media:

<https://www.bark.us/blog/removing-social-media/>

WhatsApp

Users should be at least 13 years old to use

WhatsApp. We frequently receive reports of children not using WhatsApp appropriately, such as sharing images to embarrass others, sending hurtful messages, spreading rumours, or excluding people from group chats to make them feel left out.

Since WhatsApp lacks parental controls, it is important to think about whether it is really the right platform for your child. For example, you should consider if your child has the critical thinking skills to recognise bullying. Furthermore, do they understand how to manage peer pressure and refrain from joining in on harmful behaviour?

If your child is using WhatsApp, it is crucial to have regular conversations with them. Talk about who they are chatting with, encourage them to think carefully about the messages they send and how they might be perceived by others. Finally, make sure to model good digital behaviour yourself, as children often learn by observing the adults around them.

What should I be aware of if my child is using WhatsApp?

- **Group chats:** Everyone within a group, even if they are not one of your child's contacts, will be able to see all messages within that group. If your child is added to a group with someone that they have previously blocked, that person can still see their messages and send them messages within the group chat. If your child is using WhatsApp, check their group privacy settings to see who can add them to groups. Ensure your child understands that they can leave a chat at any time, and they know how to report users. Find out more here: <https://faq.whatsapp.com/424124173736394>
- **Inappropriate content:** users can be exposed to content that is not suitable for their age.
- **Location sharing:** talk to your child about when this would be appropriate to use and the potential danger of sharing their location.
- **Chat lock/secret code:** users can lock chats as well as apply a secret code setting so a chat does not appear in the main chat.
- **Blocking/Reporting:** Show your child how to block and report other users. Find out how here: <https://faq.whatsapp.com/1142481766359885/>

Further information

Internet Matters have produced a how to guide available here:

<https://www.internetmatters.org/resources/whatsapp-safety-a-how-to-guide-for-parents/>

YouTube

YouTube is intended for users over the age of 13, however, younger children can still access YouTube with consent from a parent/legal guardian. When giving your child access to YouTube, there are different options you could choose depending on your child's age:

- **YouTube Kids** – this is a separate app that includes a smaller selection of videos based on the age category you select: Preschool (ages 4 and under), Younger (ages 5–8) or Older (ages 9–12).

- **Supervised accounts** – this is a parent-managed version of YouTube that allows you to control the content your child can access. You can select one of the following options:

- **Explore** - Generally for viewers aged 9+.
- **Explore more** - Generally for viewers aged 13+
- **Most of YouTube** - This setting includes almost everything on YouTube except for videos marked as 18+ and other videos that may not be appropriate for viewers using supervised experiences.

Google have created a guide to show the differences between YouTube Kids and a Supervised account to help in your decision:
<https://support.google.com/youtube/answer/10315420>

My child wants to be a YouTuber

Many children want to start their own YouTube channel, but it is important to be aware of the potential risks and ensure that your child understands what information they should keep private and what to do if they receive negative comments. YouTube have produced these safety tips for teens when posting content:

<https://support.google.com/youtube/answer/2802244>

You should be aware that there are different settings available when posting videos:

1. Public: anyone can view the video.
2. Private: video can only be viewed by users that you select.
3. Unlisted: only people who have the link to the video can view it.

What are the benefits and negatives of a YouTube channel?

Before allowing your child to start a YouTube channel, review the benefits and risks. This article discusses the pros and cons as well as provides recommendations to help minimise any risks:

Among Us

This game has been rated as PEGI 7, meaning it is not suitable for those under the age of 7. **However**, whilst the gameplay may be suitable, there are communication features available, where issues such as inappropriate language and bullying may arise.

Additionally, it is important to note that Among Us does have the option for in app purchases so please ensure that a password (that your child does not know) is required for all purchases.

Using Arbor and Booking and Billing of Breakfast and After School Club, Trips etc

We use a Management Information System called Arbor that also enables us to message parents and book and pay for clubs and trips etc. Arbor runs through a parent App. We ask that you download the App onto your mobile device ASAP. Parents have found from experience it is better to register via a computer before using the App

On the next page you will find instruction links that will give you information about how to download the app and use Arbor. You can check some of your child's details and book clubs etc. Also you can message school via the App or by email. Due to the costs of texts, they will rarely be used, we will use the Arbor App for most communications.

Once you have downloaded the Arbor Parent App please check your child/ren's record and update any areas that are incorrect. The changes you make will not be seen instantly by yourselves as they have to be accepted by school admin. However, it will make it easier for you to alert us of any changes in address, phone number, medical conditions etc in the future.

For Clubs you will only be able to book if you have funds in your child's club account unless you pay by childcare voucher (please inform Mrs McDonough if this is the case). We will still be able to add on last minute additions to most clubs and clubs are closed 2 hours (1 hour for Breakfast Club) before the session starts. For those that pay by childcare voucher, if you do not see this option available (we have to do it manually for every club) then please let Mrs McDonough know.

For those who do not have access to a mobile device, Arbor is accessed through <https://login.arbor.sc/>

If you have any queries or any problems, please contact Mrs McDonough office@hayton.cumbria.sch.uk

PLEASE NOTE:

- 1. For After School Club the first hour of the session will be charged if your child does not attend and the session has not been cancelled.**
- 2. At present you cannot cancel club sessions that are not required but if you message the office before the session closing time (13:30) your child will be removed from the register and no charge made.**

Instructions on how to use Arbor can be found using the links below:
